

ELYSIAN

TRAINING

TRAINER PROFILE: KERRY BELLAMY

Kerry is a training and business consultant specialising in team development, motivation, service development and inspiring goal achievement. Her background is in management, customer service, organisational psychology, personal development and project design and implementation.

Kerry has been involved with the training and development of staff since 2001 and is known for her calm approach and holistic overview.

EXPERIENCED IN...

Coaching and Mentoring - Kerry has worked extensively in the mentoring and coaching of staff that are new to management and organisations. She is able to work with a group to explore the challenges a new role brings but also very experienced in working 1:1 on individual areas of concern and techniques to aid transition and improve staff retention and productivity.

Service Development & Enhancement - Her knowledge and understanding of organisational culture and role design has led to multiple projects and schemes being established and becoming highly successful. From initial conception through to implementation and evaluation Kerry is able to bring new energy to projects and motivate stakeholders to achieve desired business outcomes.

Personal & Team Development - Kerry's personal passion is in the area of personal and team development; how to achieve a greater understanding of one's self and/or a team in order to achieve desired goals and outcomes. She has run sessions with groups and individuals that explore motivations, aspirations, goal identification and achievement.
